Global Scenario

Physiotherapy is one of the popular courses in the modern medicine worldwide. It is a profession, which views human movements as core area in the field of health and well being of individuals. Physiotherapy is concerned with assessing, treating and preventing human movement disorders, restoring normal function or minimizing dysfunction in adults and children with physical impairment, preventing injuries and disability in the workplace, at home or during recreational activities. The core skills used by Physiotherapist include manual therapy, therapeutics exercise and the application of electro-therapeutic modalities. Physiotherapists identify and maximize movement potential through health promotion, preventive health care, treatment and rehabilitation.

Faculty of Physiotherapy, a constituent of Shree Guru Gobind Singh Tricentenary University was established in the year 2013. Faculty of Physiotherapy offers undergraduate (BPT), postgraduate (MPT) as well as Ph.D programs in Physiotherapy. It has been set up with the aim to develop solid foundation of research and evidence based practice. This ensures that the students are well prepared to meet the challenges of the dynamic and constantly changing healthcare scenario.

Faculty of Physiotherapy provides an ideal combination of Professional & Academic excellence. The Vision of Faculty is to provide quality education to the youth and to produce competent, skilled and dedicated Physiotherapists who are good clinicians, excellent team workers and lifelong learners with strong professional skills.

Why Physiotherapy at SGT?

- Ideal combination of Professional & Academic excellence
- Unique combination of teaching and experiential learning. We believe in achieving excellence by integrating teaching, learning & research
- Strong Advisory Board
- Regular interaction with Renowned Academics & Industry Experts
- The Course Curriculum of Faculty of Physiotherapy is specifically designed to make the students industry ready
- Collaboration with renowned hospitals and organizations for Internship Programme
- Continuous learning through visits, lectures and seminars by renowned Physiotherapists and field experts

SGT Advantages:

- Industry-disciplinary Research and Project Based Learning
- Student retention from all regions of India ensuring cultural diversity for a vibrant campus life
- Industry oriented and student centric teaching methodology to make students future ready
- Student exchange programmes with Top International Universities
- Multiple academic and extra-curricular clubs for holistic development of the students
- Interpersonal skills enhancement sessions
- Lush green, well equipped 70 acres campus
- Full support and guidance to avail education loan
- Industry oriented innovation curriculum
- Regular Internship and Placement fair

Centre of Excellence

Laboratories
- Exercise Therapy Lab
- Electrophoresis Lab
- Research and Biomechanics Lab

SYNERGY 2019

Innovation brings new dimension to hope and evolution. For decades these discoveries have proved to be keystones in journey of mankind. Synergy is one such event organized by University every year which brings out the talent of students.

Faculty of Physiotherapy remarkably contributed in Synergy 2017-18-19 by showcasing different projects. Lots of hard work and brainstorming went into making up these projects. All the projects displayed by faculty every year were greatly appreciated. Project “Multistage Exercise Unit” was declared Best Research Project in 2017, Project “Ergonomic Tilt Bed” won consolation prize for best innovation in 2018. Project “Facial muscle spasm” was awarded 2nd best prize in innovation category in 2019 and Project “Aqua Pals Rehabilitation unit” won 2nd best prize in Education category in SYNERGY 2019. Integration of innovation, education and research keeps the students focused and helps them in taking a step forward for benefit of society.
