Importance of Sports and Exercise Science in Global Scenario

Sports and Exercise Science is a discipline that focuses on how the healthy human body works during exercise and how sports and physical activities promote health and performance from cellular level to a whole body perspective. The demand of sports scientists and performance consultants is rising globally with the ever-increasing focus within the sporting world on achieving high performance standards. Importance of sports and exercise science in today’s world is enormous since it develops a better understanding of the responses of the human body to exercise, training, different environments and many other stimuli. Sport and exercise science is incredibly varied and encompasses many disciplines like exercise physiology, biomechanics, sport and exercise psychology, strength and conditioning, nutrition, athletic training and injury prevention. When it comes to athletes, the difference between a Silver and Gold medal can even be a tenth, a hundredth or even a thousandth of a second! Research conducted by sports scientists can improve the performances of the athletes to create new records and win tournaments & trophies. Moreover, the recently announced “Fit India Movement” by the Government of India encourages people to remain healthy and fit by including physical activities and sports in their daily lives and further demands a thorough understanding of exercise and sports sciences to participate and excel in such engagements.

Why Sports and Exercise Science at SGT University?

Shree Guru Gobind Singh Tricentenary University, established in 2013 is among the very few universities to initiate this unique course i.e. BSc. Sports and Exercise Sciences under the Department of Sports Sciences, Faculty of Physiotherapy. Faculty of Physiotherapy at SGT University is already running a Master’s program in Sports Physiotherapy course since 2013 and Sports and Exercise Sciences is an extension to its vision of developing competent professionals to cater to the health needs of athletes. The Department of Sports Science offers a Bachelors course in Sports and Exercise Sciences and has been set up with an aim to develop professionals with strong understanding of sports and exercise science in order to meet the challenges of the dynamic, demanding and perpetually evolving world of sports.
SGT ADVANTAGES

- Industry oriented multi-disciplinary research and project based learning
- Student fraternity from all regions of India ensuring cultural diversity for a vibrant campus life
- Industry oriented and student centric teaching methodology to make students future ready
- Students exchange programmes with top international universities
- Multiple academic, sports and extra-curricular clubs for holistic development of the students
- Interpersonal skills enhancement sessions
- Lush green, well equipped 70 acres campus
- Full support and guidance to avail education loan
- Industry oriented innovation curriculum
- Regular internship and placement fairs

COURSE HIGHLIGHTS

- Renowned international faculty
- Scholarships for students with excellent academic records and outstanding achievements
- Excellent Sports infrastructure
- Collaboration with sports associations and Federations
- National and International tie ups for students training and project work
- Research and job oriented curricula
- Opportunities for internship abroad

ELIGIBILITY

Senior School Certificate Examination (10+2) of Board of School Education, Haryana or an examination recognized as equivalent thereto with at least 50% marks in any subject speciality (Science/Commerce/Arts) took together both in qualifying and competitive examinations. In case of candidates belonging to Scheduled Castes/Scheduled Tribes of Haryana, the marks obtained be read as 40% instead of 50%.

TIE UPS/COLLABORATIONS

- Academic Tie up with National University of Physical Education and Sports, Ukraine
- Binawan Institute of Health Sciences, Jakarta, Indonesia
- Tau Devi Lal Stadium, Gurugram
- D Valls Badminton Academy, Gurugram
- Nehru Stadium, Gurugram
- Special Olympics Bharat
NATIONAL/INTERNATIONAL ADVISORY BOARD QUALIFIED FACULTY

Faculty at Department of Sports Sciences is a team of highly qualified and well experienced professionals. The faculty encourages and inspires students to put in their best and excel in their fields. The faculty thrives hard to provide them all round expertise in theoretical knowledge and practical work and guides them in all other academic activities such as seminars, projects, training and field work, etc.

- Dr G.L. Khanna Pro Vice Chancellor
- Prof. M. Ejaz Hussain Dean
- Prof. Pooja Anand Associate Dean and Head
- Dr. Pooja Bhati Assistant Professor
- Dr. Palem Kalpana
